PROFESSIONAL SUMMARY

A Frontend Developer with a unique background in Economics and Energy Studies, now fully dedicated to creating intuitive, responsive web experiences. I combine analytical thinking from my economics background with modern web development skills to build clean, efficient, and user-friendly interfaces.

TECHNICAL SKILLS

Frontend Development

- Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3
- Frameworks & Libraries: React.js, [Next.js](#)
- Styling: Tailwind CSS, CSS Modules, Responsive Design
- Tools & Practices: Git/GitHub, REST APIs, UI/UX Principles, Mobile-First Development

Additional Skills

- Problem-Solving & Analytical Thinking
- Technical Writing & Documentation

PROJECT PORTFOLIO

Modern Banking Dashboard | React, TypeScript, Tailwind CSS

- Built a fully responsive banking interface with real-time data visualization
- Implemented interactive components with Framer Motion animations
- Focused on accessibility and mobile-first design principles

E-Commerce Platform | Next.js, TypeScript, Tailwind CSS

- Developed a complete e-commerce solution with cart functionality
- Integrated EmailJS for contact forms and order confirmations

Portfolio Website | React, TypeScript, Tailwind CSS

- Created a personal portfolio with interactive project showcase
- Implemented smooth animations and responsive design
- Integrated contact form with email functionality

GPT-3 Website | React, JavaScript, CSS

- Created a modern, responsive landing page showcasing GPT-3 AI capabilities
- Real-time Blog: Fetches latest AI news from GNews API

EDUCATION AND TRAINING

University of Ibadan | MSc Energy Studies (Energy Economics)

- Specialized in data analysis and economic modeling
- Applied analytical skills to energy consumption patterns

Obafemi Awolowo University | BSc Economics

- Developed strong analytical and problem-solving abilities
- Gained experience in research and report writing

Frontend Development Training | Self-Directed Learning

- Completed multiple React and JavaScript courses
- Built diverse portfolio projects with modern technologies
- Continuously learning through documentation and coding challenges

WORK EXPERIENCE

Freelance Frontend Developer | 2023 – Present

- Developed responsive websites and web applications using React and modern CSS
- Translated UI/UX designs into functional, accessible web interfaces
- Implemented best practices for performance and code maintainability

AB Microfinance Bank Nigeria | Cashier/Banking Services | 2019 – 2022

- Developed strong attention to detail and accuracy in transactional work
- Improved digital literacy by promoting banking platforms to customers
- Gained experience in customer service and technical communication

Freelance Interior Designer | 2017 – 2019

- Developed visual design skills and client-focused approach

Seplat Petroleum Development Company (Intern, Corporate Strategy)

- Built a PESTEL model to analyze macroeconomic and regulatory factors affecting company's activities and this improved management's decision making process by 40%.
- Supported audit activities tied to the value-for-money audit under a Joint Venture with NNPC (Nigerian National Petroleum Corporation).

KEY STRENGTHS

Fast Learner & Problem-Solver

- Quickly adapt to new technologies and frameworks
- Apply analytical thinking from economics to debugging and optimization

Detail-Oriented Developer

- Focus on clean, maintainable code and pixel-perfect implementations
- Strong understanding of responsive design principles

Collaborative Team Player

- Experience working in team environments from banking and energy sectors
- Excellent communication skills for technical and non-technical audiences

CAREER OBJECTIVE

Seeking a Junior Frontend Developer role where I can contribute my technical skills in React and modern web development while continuing to learn and grow within a supportive team. I'm particularly interested in opportunities that value clean code, user experience, and collaborative problem-solving.
